Welcome to Dattakala Group of Institutions

You're considering enrolling in tertiary education, and you've come to the right place. Here you'll build lifelong relationships with like-minded students and passionate teaching staff while making valuable industry connections.

Our promise to you is to foster and nurture your potential as you embark on your journey of personal and professional discovery. Our guiding philosophy reflects the relationships we cultivate, with each one committed to growing together and transforming the learning experience of our students. This includes our partnerships with industry and other tertiary providers, our involvement with community groups, our engagement with students and staff.

Message from the Founder President

Dear Parents & Students

Greetings!

It gives me an immense pleasure to have communicate with you through this message. Dattakala Shikshan Sanstha was established in 2009. You are aware of remarkable progress it has made. In a very short span time, DKSS has emerged as one of the leading institutes in area. This success has been possible due the institution's feathers, including a serene nature & green environment, well-equipped laboratories, a library, workshop well-furnished hostel for both girls & boys.

Dattakala Shikshan Sanstha is situated on a picturesque hilltop offering a panoramic view of the Sahyadri Ranges. Student have a pollution-free environment where they can breath fresh air & engage in activities on specious playgrounds. This enchanting atmosphere is conducive to the overall development of the students.

As an Educational Institute DKSS aims to develop three dimensional personality in our students
1) Pursuit of knowledge 2) Commitment to Professionalism 3) Inculcation of Values.

To achieve this Dattakala Shikshan Sanstha ensure the highest quality of faculty who are not only highly qualified and well-trained but also dedicated to shaping the personalities of students with a missionary zeal.

Dattakala is provides education from Nursery to Undergraduate, Postgraduate, Engineering and Management fields. I am confident that students of the Dattakala Group of Institutions will make best use of available infrastructure and the facilities to achieve excellence in their studies. with Best Wishes.

Hon. Prof. Ramdas M. Zol
(M.Sc. Maths)

Message from the Secretary

Dear Student's

Welcome to Dattakala Group of Institutions, a multi faculty premier Institution with highly qualified academicians imparting education in various professional fields.

Over the past fourteen year, Dattakala Group of Institutions has pursued thAT goal of expanding the horizons of learning. Today it is well-recognized as a center of excellence that nurtures intellectual & academic growth, encourages energetic and extracurricular activities & promotes social engagement.

since its inception, the primary motto of the Institute has been to deliver an industry oriented curriculum that meets the ever-changing demands of the professional world. The institution maintains regular interaction with industries and strives to enhance the curriculum with relevant value addition, equipping students with the latest managerial and professional Skills.

Built on intellectual rigor and a unique culture of collaborative learning, the professional programs at Dattakala Group of Institutions prepare students to face the challenges of the modern economy. Students are given a unique opportunity to engage with distinguished and dedicated faculty, helping them develop strong analytical skills essential for professional life.

The parents can repose full faith in the sincerity, dedication and commitment of the faculty, who provide excellent guidance and support to students.

Finally I would like to assure that Dattakala Group of institutions offers a dynamic, enriching and empowerment where students can grow and realize their full potential.

with Best Wishes.

Hon. Mrs. Maya R. Zol
(M.A.B.Ed.English)

Message from the Managing Director

It gives me great pleasure to welcome you to Dattkala Group of Institutions (DGOI), where we are committed to shaping the future through quality education, innovation, and value-based learning. Our mission is to empower young minds with knowledge, skills, and character to excel in their chosen professions and contribute meaningfully to society.

At DGOI, we strive to provide a dynamic learning environment supported by dedicated faculty, modern infrastructure, industry collaboration, and a student-centric approach. We believe that true education nurtures leadership, creativity, integrity, and a spirit of lifelong learning.

As we continue our pursuit of academic excellence and holistic development, we remain committed to preparing competent professionals and responsible citizens capable of meeting global challenges with confidence.

I invite you to join the DGOI family and become a part of our journey towards excellence and nation-building.

With best Wishes.

Hon. Prithviraj Maya Ramdas Zol
(B.Tech Computer Science & Business Systems)

Dr. Vishal Babar

M.Pharm, Ph.D., Post. Doc. (USA)
Chief Administrative Officer
Dattakala Shikshan Sanstha

Dattakala Shikshan Sanstha is committed to achieving excellence in technical, management, pharmacy education & research and assesses the success and leadership of its programs using the highest standards of quality, innovation and visibility. Our goal is to be the most preferred choice of students, faculty & industries and to be at the top in every discipline of engineering, management, pharmacy and school. We aim to achieve global leadership in human development & excellence in education. Our objectives of imparting professional education, combined with fostering innovative thinking, application of knowledge, inculcating professional ethics and consciousness to social responsibilities, are being met at DKSS in an integrated form. We wish to encourage & promote research activities & integrate them with the teaching-learning process. We believe in lifelong learning & training leading to benefits of the society. I am confident that with the concerted efforts of team DKSS, the group will scale up to the greater heights of excellence in the year to come.

Prof. Shrikant D. Salunke

M.E., Ph.D.,
Director,
Dattakala Group of Institutions

It gives me immense pleasure to welcome you to Dattakala Group of Institution (DGOI), an institution committed to excellence in technical, management, Pharmacy, and school education. At DGOI, we strive to provide quality education that fosters innovation, professional competence, ethical values, and social responsibility.

We believe that education is the foundation for transforming lives and building a better society. Through experienced faculty, modern infrastructure, industry interaction, and a student-centric approach, we prepare our students to face global challenges with confidence and integrity.

Our focus extends beyond academics to nurturing leadership, creativity, research aptitude, and lifelong learning. We are dedicated to developing skilled professionals and responsible citizens who contribute meaningfully to society. I am confident that the collective efforts of Team DGOI will continue to lead our institution towards greater heights of excellence and achievement.

With best wishes.

Dr. Sharad Karne

Ph.D., M.B.A.
(Director, DGOI)

It is observed that, the students those who are taking admission in the college are especially from rural areas. It is our duty to provide them skill and knowledge to empower and enhance them to meet their goals and achieve great success in their career. So we have already started such that their future shall be bright, if they are ready to take challenges to become successful professionals, giant leaders, entrepreneurs. Our team is ready to enhance their qualities which are required to be the best Indian professionals and also encourage them to face rigor in the corporate sector. I always motivate the students by saying, try to climb high, wings are waiting for you".

Dattakala Group of Institutions provide a student-centered learning environment with close student-faculty interaction and constant participation of the industry. So, gear up for the hard work and I am sure you will enjoy your learning years.

Dr. S.A. Patil

Ph.D., M.E.
(Principal, DGOI FOE)

The major challenge for today's engineering educational institutions is to accommodate the ever varying aspirations of the younger generation because of increasingly changing demand and development in industries. We constantly put efforts to accommodate these aspirations by fine tuning the academics of college with innovative and practical oriented teaching - learning practices along with other developmental activities.

Our goal is to change the world through education. It may sound idealistic, but this is precisely our long term goal. It is what motivates the work of everyone at the Dattakala Group of Institutions Faculty of Engineering - from faculty and staff, to students and alumni. It inspires our teaching and research. It is this goal which fuels the faculty to excel.

VISION

The vision of the institution is to provide pre-eminent educational experiences that are stimulating, responsive to the needs of the present century and prepare the student for leadership in their profession and society, and also to address critical needs of industry and foster economic development.

Dattakala Shikshan Sanstha established in 2009. A premier Engineering and Management institute, located in Tal.- Daund, Dist - Pune, Maharashtra, India. The college is affiliated to the Savitribai Phule Pune University, Pune and approved by Direction of Technical Education (DTE), Maharashtra State and All India Council of Technical Education (AICTE), New Delhi.

OUR GOALS

- Impart technical education to create able & competent engineers.
- Entrepreneurship development.
- All round personality development.
- Training & placement in prominent corporate.

LOCATION

The Dattakala Shikshan Sanstha has about 30 acres campus is situated at Gat No. 541 & 527, Swami-Chincholi, Tal Daund, Dist.-Pune. This campus is near Bhigwan City and Bhigwan is connected by road (Pune-Solapur Highway) and rail (Bhigwan Station 4 Km)

The courses offered by the institute are approved by All India Council for Technical Education, New Delhi., Govt. of Maharashtra and Directorate of Technical Education Mumbai (M.S.) and affiliated to SPPU, Pune, MSBTE, Mumbai

Eligibility

FOR FIRST YEAR

Eligibility Criteria for Maharashtra State Candidate and Outside Maharashtra State.

2.1 Candidate for admission to first year of degree course in Engineering / Technology : Candidate should be an Indian National and should have passed the HSC (std XII) examination of Maharashtra State Board of secondary and Higher Secondary education or its equivalent examination with subject English, physics, Chemistry and Mathematics Secured minimum 45 % marks (minimum 40 % marks in case of candidate of Backward class categories and physically Handicapped belonging only to Maharashtra State)

2.2 Eligibility criteria for All India candidates : Both the Maharashtra State Candidates and the OMS candidates Candidate should be an Indian National and should have passed the HSC (Std. XI) examination of Maharashtra State Board of Secondary and Higher Secondary Education or its equivalent examination with subjects English, Physics, Chemistry and Mathematics.

AND

Secured minimum 45 % marks (minimum 40 % marks in case of candidates of Background class categories and physically handicapped belonging only to Maharashtra State) in the subjects physics, chemistry and Mathematics.

AND

Candidates should have a valid (JEE main) (i.e. total score should 50 %) for the year - 2025-26 JEE main qualified Maharashtra Candidates who have appeared for JEE main will be required to submit single Application and option form for Cap. Such as per their inter-se-merit.

2.3 Eligibility criteria of candidates who passed / passing Diploma in Engineering / Technology and seeking admission to First year of Engineering / Technology in unaided Institutes:

Diploma holders who have passed the Diploma course in Engineering/Technology with minimum of 50 % marks and medium of instruction as English from the Polytechnics affiliated to MSBTE or AICTE approved autonomous Polytechnics situated inside/outside the state of Maharashtra.

For Direct second Year Admission

The Candidates must be an Indian National and should have passed Post-SSC or Past HSC Diploma Course in Engineering /Technology with at least 50.00 % marks (45.00 % marks in case of candidates of backward class categories belonging only to Maharashtra State) in appropriate branch of Engineering / Technology from an AICTE approved Institution with English as the medium of instruction at Diploma level.

OR

The Candidates must be an Indian National and should have passed B.Sc Degree from a UGC / Association of Indian Universities recognized University with at least 50 % marks (45 % marks in case of candidates of backward categories belonging only to Maharashtra State) and passed XII Standard examination with Mathematics as the subject and with English as the medium of instruction at B.Sc. Stream shall only be considered after filling the seat in this category with student belonging to the Diploma stream and students belonging to B.Sc. Stream are required to pass the subjects of Engineering Graphics & Engineering Drawing and Engineering Mechanics of the first year engineering program along with the second year subjects.

ELIGIBILITY

Engineering (B.E.)

Artificial Intelligence & Data Science (AI & DS)

Artificial Intelligence & Data Science (AI & DS) is a modern and industry oriented engineering Programme designed to prepare students for the rapidly evolving world of intelligent technologies and data driven decision-making.

The Programme Provides strong foundation in computer science, Artificial Intelligence, Machine Learning, IData technologies, along with Practical exposure to real-world applications Students are trained through hands on laboratory sessions industry projects, internships and research activities to develop analytical, programming and problem-solving skills. The curriculum is structured to meet current industry requirements and emerging technological trends, enabling students to pursue successful careers in sectors such as information technology, healthcare, finance, automation e-commerce and smart systems. Graduates of the programme can explain diverse career opportunities as AI Engineers, Data Scientists, Machine Learning Engineers, Data Analysts, Software developers and Research Professionals in leading organizations and technology-driven industries.

Mechanical Engineering

Mechanical engineering is a discipline of engineering that applies the principles of physics and materials science for analysis, design manufacturing, and maintenance of mechanical systems. It is the branch of engineering that involves the production and usage of heat and mechanical power for the design, production and operation of machines and tools, it is one of the oldest and broadest engineering disciplines.

Electronics & Computer Engineering

Electronics and computer Engineering is the branch of electronics Engineering that deals over the Branch of Electronics Engineering that deals over the effect of the electrons to build the components, devices, system or the equipment.. Electronics and Computer Engineering is the integration of electrical engineering and computer science to develop computer systems.

Computer Engineering

Computer Engineering is the study design, and analysis of computer systems. The discipline covers the general concepts of hardware and software. The main fields of study include programming and software engineering digital communication distributed computing systems, computer graphics, management information systems, microcomputer controlled products, image processing, data base management and information retrieval, and control systems.

Electrical Engineering

Electrical Engineering is a professional engineering discipline that deals with the study application of electricity electronics and electromagnetism. The field first became an identifiable occupation in the late nineteenth century with the commercialization of the electric telegraph and electrical power supply.

Civil Engineering

Civil Engineering includes the designing planning, construction, and maintenance of the infrastructure. The works include roads bridges, buildings, dams, canals, water supply and numerous other facilities that affect the life of human beings. Civil engineering is intimately associated with the private and public sectors, including the individual home owners and international enterprises.

- **Structural Engineering**
- **Computer Engineering**
- **Electrical Engineering**
- **Machine Design**
- **Internet of Things**

Eligibility Criteria for M.E./ M.Tech Admission

1. A candidate seeking admission to the first year of M.E./M.Tech. course in Engineering / Technology must hold a Bachelor's Degree in Engineering /Technology in the relevant branch from Savitribai Phule Pune University or any other recognized University equivalent to it.
 2. The candidate must have a valid (non-zero) Gate score in the respective Branch.
- OR**
1. Candidate who have pass A.M.I.E./A.M.I.E.T.E after a 3-year diploma, along with a valid Gate score in the relevant branch, are also eligible.
 2. Note :The examination conducted by the Institute of Mechanical Engineering for Associate Membership is not considered equivalent to a B.E. degree.
 3. For M.E./M.Tech. in Computer Engineering, candidate must have a B.E./B.Tech. degree in Computer Engineering Technology.

1. **Structural Engineering**

Focus on designing and analyzing building, Bridges, and other structure to ensure they are safe and stable.

2. **Computer Engineering**

Combines computer science and electronics to develop computer systems, hardware, and software solutions.

3 **Electrical Engineering**

Deal with the study and application fo electricity, electronics, and electromagnetism in systems like power grids, circuits, and control systems.

4. **Machine Design**

Involves designing mechanical part and systems, considering strength, durability, and functionality.

5. **Internet of Things (IOT)**

Covers the connection of physical devices to the internet, enabling data exchange and smart automation in homes, industries, and cities.

Faculty of Management (M.B.A.)

- **Marketing Management**
- **Human Resource Management**
- **Business Analytics**
- **Pharma and Healthcare Management**
- **Financial Management**
- **Operation Supply Chain Management**
- **Agri-Business Management**

Career Services

Joining the Bradford MBA programme is a big step. If you enrol on a full-time MBA you will be out of the job market for a whole year. For some, this is an opportunity to change career direction, For other, it is a time to consolidate experience before returning to a previous industry or job. whatever our reason for joining the bradford MBA, This is an opportunity to reassess priorities, think about what you enjoy doing and take positive action to manage your career.

What's on offer

we offer a range of services aimed at helping you to manage your career. These include.

Career Coaches one to one guidance with our career coaches who have significant business experience and can help you with all aspects of your career plan career Development workshops workshop help you to improve your job search skills and understand what you need to do be more effective and successful in the job market.

Bradford Guest Lecture series Regular evening presentations delivered by guest speakers from different industries. These also provide the opportunity to network with high profile alumni and business people.

ELIGIBILITY

Candidates must have passed a Bachelor's degree of minimum three year' duration in any discipline, awarded by any university incorporated by an Act of the Central or State Legislature in India, or an other educational institution established by an Act of Parliament or declared to be a Deemed University under Section 3 of the UGC Act, 1956.

Candidates must have secured at least 50 % marks in aggregate or an equivalent CGPA (45%) in case of candidates belonging to backward class categories and persons with disabilities from Maharashtra State only).

The degree must be recognized by the Association of Indian Universities (AIU), or the candidate must posses an equivalent qualification recognized by the Ministry of Education (formerly MHRD), Government of India.

Management (M.C.A.)

The MCA Degree Programme

Master of Computer Application (MCA) The 2 years post Graduate Degree Program provides an intensive training in computer Science and Applications areas, developing the students as Computer software professionals.

The MCA curriculum induces the Application of Computer Science into area such as Finance Management, Economics, Automation and Business . The Specialized topics such as Object oriented programming , Computer Graphics, operating systems Database Management System Middleware Technologies, Distributed Computing, prepare the student to meet the requirements of the enterprises Out MCA professionals serve in industries such as IT Aviation, Broadcasting BFSI, Automation, Healthcare, Tourism, all over world.

Duration of Course

Full time 2 years consisting of 4 semesters

Eligibility of Admission

Passed with minimum of 50% marks in aggregate * of equivalent CGPA (45 % marks in case of candidate of backward class categories and physically Handicapped belonging to Maharashtra state only) in any Bachelor's degree awarded by any of the University incorporated by an act of the central or state legislature in India or other educational institutions established by and act of parliament or declared to be deemed as a University under section 3 of UGC Act 1956 of minimum three years duration in any discipline recognized by the Association of Indian Universities or possess an equivalent qualification recognized by the Ministry of HRD, Government of India and having studied Mathematics or statistics as one of the subjects as 10+2 level or higher level examination.

Second Year (Lateral Entry) Admission. -

Duration of Course : Full time 1 years

Eligibility of Admission

Maharashtra State Candidature Candidates and All India Candidature Candidates.-

- (i) The Candidate should be an Indian National;
- (ii) Passed B.Tech / B.E. (CSE/IT) and obtained at least 50% marks in aggregate (at least 45% in case of candidates of Reserved Categories, Economically Weaker Section and Persons with Disability category belonging to Maharashtra State);
- (iii) Any other criterion declared from time to time by the appropriate authority as defined under the Act.

Cancellation of Admission

The candidate admitted after payment of full fees, may cancel his / her admission by submitting an application .The refund of the fees to the candidate admitted in the institute shall be made after deducting cancellation charges as per Govt. rules After cut off Date there is no fees refund.

Placement

A placement cell headed by a full time placement & Training officer with wide industrial experience in functioning in the university. one faculty coordinator and two student representatives from each department assist the placement & Training Officer, 100% placement is arranged for all eligible students through the placement Cell.

Entrepreneurship Development cell

An ENTREPRENEURSHIP DEVELOPMENT CELL (EDC) is actively organizing programmes in entrepreneurship with concerted initiatives to promote entrepreneurship among the students. Based on the cell's performance National Science and Technology Entrepreneurship Development Board (NSTEDB) of Department of Science and Technology, Govt. of India has provided financial support to the Cell

Industry-Institute Partnership Cell :

To develop the linkages with industries. the Institute has established the industry Institute partnership cell (IIPC) with grant from AICTE and Additional financial support from the Management. The Industry Institute partnership cell (IIPC) was started to foster institute industry interaction. Serving as link between the institute and the Industries, It aims at encouraging and promoting consultancy and research work by the faculty and students. It serves as a catalyst in the discharge of these tasks. It also co-ordinates activities relating to joint collaborative programmes with institutes in other countries, in-plant training to student, guest lecturers from industry people training programmes for employees and industrial Associate ship scheme.

Bachelor of Computer Application (BCA)

BCA is a 3 year undergraduate degree course in computer applications. It equips student with foundational knowledge and practical skills in computing, programming, databases, and IT infrastructure.

Objectives

- To provide comprehensive knowledge of computer application and programming.
- To prepare students for careers in IT, software development, and computer science.
- To develop problem-solving, analytical, and communication skills.
- To prepare students for higher studies such as MCA, MBA, or international certifications.

Eligibility Criteria

- Passed 10+2(HSC) or equivalent from a recognized board.
- Preferably studied Mathematics or Computer Science at the 10+2 level (depending on university norms)
- Minimum marks: Generally 45%-50% for open category; relaxation for reserved categories.

Career Opportunities After BCA

- Software Developer
- Web Developer
- System Analyst
- Network Administrator
- Data Analyst
- Cybersecurity Specialist
- Technical Support Engineer

Lab & Practical Training

- Programming labs in C, Java, Python
- Database and Networking labs
- Web and App Development Labs
- Real-time projects and group assignments

Duration & structure

- Duration 3 Year (6 Semesters)
- Type : Full-Time
- Mode: Semester System

Bachelor of Business Administration (BBA)

BBA is a 3 year undergraduate degree course in Business administration. It equips student with foundational knowledge and practical skills in management, finance, marketing, human resources, and entrepreneurship.

Objectives

- To provide comprehensive knowledge of business principles, management techniques and organizational behavior.
- To prepare students for careers in business management, marketing, finance, HR, and entrepreneurship.
- To develop leadership, decision-making, analytical and communication skills.
- To prepare students for higher studies such as PGSM, or professional certifications like CFA, CA, or international business diplomas.

Eligibility Criteria

- Passed 10+2(HSC) or equivalent from a recognized board.
- Student from any stream (Arts, Commerce, or Science) are eligible
- Minimum marks: Generally 45%-50% for open category; relaxation for reserved categories.(as per university norms)

Career Opportunities After BBA

- Business Analyst
- Marketing Executive
- Financial Analyst
- Human Resource Executive
- operation Manager
- Entrepreneur / Startup Founder
- Sales Manager

Management Trainee inMNCs or Corporates

Lab & Practical Training

- Business Simulation and Case Studies
- Financial Analysis Labs using tool like Excel, Tally, or ERP software
- Marketing and Research Projects
- Group Discussion, Role, and Management Games.
- Industry Visit and Internships.

Duration & structure

- Duration 3 Year (6 Semesters)
- Type : Full-Time
- Mode: Semester System

Diploma Engineering

Civil Diploma Engineering

Civil Diploma Engineering is a 3 year technical course that focuses on the design, construction, and maintenance of infrastructure such as buildings roads, bridges, dam, and water supply systems. It equips students with practical and theoretical knowledge in surveying construction materials, structural engineering and environmental engineering. This course is ideal for students who have completed their 10 th or 12 th, grade and want to pursue a career in civil construction and project management.

Computer Diploma Engineering

Computer Diploma Engineering is a 3 year technical course that focuses on computer systems, programming, networking, software development, and IT technologies. It prepares students with both theoretical knowledge and hands-on skills in area like coding, database management, web development, and computer hardware. Ideal for students after 10 th or 12 th, It opens up career opportunities in IT support, software companies, and tech startups.

Civil Diploma Engineering

Electrical Diploma Engineering is a 3 year technical program that teaches students about electrical circuits, power generation, transmission, and electrical machinery. The course covers practical skills and theoretical knowledge in areas like wiring, motors, control systems, and electrical safety. It prepares students for careers in industries such as power plants, manufacturing and automation after completing their 10th or 12 th grade.

Diploma Engineering

Electronics & Computer Engineering

Electronics & Computer Engineering is a 3 year technical program that focuses on the fundamentals of electronics and computer system. It equips students with practical and theoretical knowledge in digital, electronics, microprocessors, embedded programming and computer hardware. The course prepares students to work in fields such as IT, embedded systems, consumer electronics, automation and communication technology after completing their 10th or 12th grade.

Information Technology

Information Technology Diploma Engineering is a 3 year technical program that provides students with core knowledge and practical skill in computer systems, programming, networking, databases, and IT services. The course focuses on developing industry-relevant skill in software development system administration, and information management, preparing students for careers in the IT sector after completing their 10th or 12th grade.

Mechanical Engineering

Mechanical Engineering Diploma is a 3 year technical program that provides students with foundational knowledge and practical skills in mechanical systems, machines, manufacturing processes, and maintenance. The course emphasizes hands-on learning in areas such as CAD, thermodynamics, production technology, and material science, preparing students for careers in manufacturing, automotive, power plants, and other engineering industries after completing their 10th or 12th grade.

Services

Shop & Xerox Center

Stationery Store facility is also provided in college campus. where educational materials and other daily required products are also available.

Industrial Visit

As a part of industry-Institute interaction Programme student and faculty visited various business units. These visit help in understanding application of principle of management in mind of students. This type of industry-Institute interaction is very important part of academic schedule of the institute. Following are few industries are visited by our students during academic year 2025-26

Parking : Parking zone for two wheeler and four wheeler in campus.

Hostel

The college provides hostel facility at the campus separately for boys and girls. The intake capacity for boys-500 and that of the girls 500. The institute provides bed, writing table, chair, fan, tube light with table lamp connection for each inmate. The Separate mess is adjoining the hostel building. Hostel rectors Co-ordinate and control the hostel activities. Student are strictly required to abide by rule of the hostel.

Mess

Monthly mess available for all student and staff members. Mess service is provided as per the college scheduled.

Dinner time

7:30 to 8:30 pm for girls only

8:30 to 9:30 pm for boys only

Library

Dattakala shikshan Sanstha has an excellent library for the benefit of students faculties and researchers. As one of the best established libraries according to international Standards The Library has a large collection of books covering carious branches of Engineering and Technology, Science and humanities, Management, Computer Application and its related fields.

The Library is located in the Dattakala Shikshan Sanstha Block and is spread over 6500 sq/ foot.

Note : Library time 9 am to 12 am open on Sunday also open 9 am to 12 am

Cafeteria

For all the students and Staff members canteen for snacks is available from 7 am to 7 pm as s on Sunday also.

Action Against Ragging

(Maharashtra prohibition of Ragging Act 1999 which is in effect from 15 th may 1999 has the following provisions for Anti Ragging.)

- a) Ragging within or outside of any educational institutions is prohibited.
- b) Whosoever directly or indirectly commits, participates in abets or propagates ragging with or outside any educational institution shall on conviction be punished with imprisonment for a term up to 2 years and / or penalty, which may extent to 2-5 lakhs rupees (recent decision of Govt.)
- c) Any student convicted of an offence of ragging shall be dismissed form the educational institution for a period of five year from the date of order of such dismissal.
- d) Whenever any student or as the case may be the parent or guardian or teacher of an educational institution issues the written complaint ragging to the head of education institution the head of the educational institution hall.

without Prejudice to the foregoing provision within seven day of the receipt of complaint and if prima facie it is found true suspend. The student who is accused of the offence and shall, immediately forward the complaint to the police station having jurisdiction over the area in which the education institution is situated for further action where on enquire by the head of the educational institution it is found that there is no substitution prima facie in the complaint received, he/she shall intimate the fact in writing to the complaint.

The decision of the head of the education institution shall be final.

- e) If the head of the educational institution fails of neglects the act in the manner specified in section “d” above when complaint of ragging is made, such person shall be deemed to have abetted the offence and shall on conviction be punished as provided for in section “b” above

SAY NO TO RAGGING

Code of Conduct

In addition to pre-requisite aids such as buildings, equipments, structures etc. The performance of the students is major indicator of college reputation. The students of college are known not only by their performance in their academics but also by their conduct which is an integral part of the personality. In order to make the college feel proud of you, following code of conduct is expected.

Students are expected to :

- ✓ Achieve objectives & expectations of the course to its maximum extent.
- ✓ Behave, dress and project their image like dignified and respectable citizens.
- ✓ keep campus clean and create congenial atmosphere and environment conducive for studies.
- ✓ Attend all theory classes, practical's & demonstrations
- ✓ Be regular and punctual in their problems, if any.
- ✓ Attend regular meeting of local Guardian to discuss their problem, if any
- ✓ Regularly read the notices so as not to miss any important information
- ✓ Treat and talk to all staff, student and the local community with respect
- ✓ Value the college environment by not dropping litter, damaging college furniture or buildings
- ✓ Fully participate in tutorials, discussion, careers guidance, industrial visits, guest lectures and any additional support arranged for you.

- ✓ Observe self imposed discipline in all activities & studies
- ✓ Be equipped for all lessons with relevant materials and have your student ID card with you at all times when at college.
- ✓ Complete all your work by the agreed deadlines
- ✓ Attend all examinations that you are entered for
- ✓ Switch off all mobile phones in learning area and only use your mobile in an appropriate way in student common areas.
- ✓ Providing false information, manipulated documents, cybercrime etc clearly leads to cancellation of admission at any level.
- ✓ students are expected to maintain their academic integrity.
- ✓ Cheating and plagiarism are violations of that standard.
- ✓ Student should keep their parents informed regularly about their performance on studies And other problems, if any.
- ✓ Students should pay the institute. Hostel fees dues well in time.
- ✓ Student should not discriminate on the basis of religion, caste and sex etc.
- ✓ Students are expected to conserve water, electric power, gas etc.
